کشور ایران با شعار استقلال آزادی ، جمهوری اسلامی بعد از انقلاب سال ۱۳۵۷ هجری / ۱۹۷۹ میلادی زیربار ظلم پذیری نرفت و این آغازیک مبارزه در سطوح اقتصادی، سیاسی و هنری بود. خط و مشی ایرانیان در فرهنگ و آئین دینی آنها جز ملح و آزادی در جهان و دادخواهی از مظلوم بر علیه ظالم نیست.

حوزه هنری خراسان شمالی موضوع یازدهمین جشنواره بین المللی کارتون خود را با عنوان بنی آدم انتخاب کرد و در این دوره، ۵۰۰ (پانصد) هنرمند از ۶۵ (شصت و پنج) کشور جهان شرکت کردند که در مجموع هزار و ۹۰۷ (۱۹۰۷) اثر به دبیرخانه جشنواره رسید که پس از نظرهای داوران که متشکل از ۴ داور خارجی و ۳ داور ایرانی بودند. ۶۳۱ (ششصد و سی و یک) اثر به مرحله نمایشگاه مجازی راه یافت و ۲۳ هنرمند از ۸ کشور به عنوان برگزیده معرفی شدند.

در پایان، قدردان همراهی صمیمانه افرادی که ما را در برگزاری این جشنواره همراهی نمودند هستیم.

اکرم صدیقی کلاته
رئیس حوزه هنری خراسان شمالی

به نام خداوند بخشندۀ و مهریان

بنی آدم اعضا یکدیگرند
دگر عضوها را نماند قرار
نشاید که نامت نهند آدمی
دگر دوستی و نوع دوستی، معنایی ارزندگی است که انتخاب آن
به فهم دردمندی انسان ها کمک می کند تا تنها خویش را در
این گستره دنیا اتیام دهد و نور امید را بر دلهای آنها بتاباند.

هنر ابزاری است تا نور امیدی از این انتخاب و فهم باشد. جهان
امروز در میان مرزهای پررنگی از خطوط سیاسی، اجتماعی و ...
انسان ها را در هرجغرافیایی دچار انزوا کرده است. انزوا یکی که
ناشی از حضور پررنگ قدرت های مالی کشورهای استعمارگر و در
پی آن ایجاد ظلم است.

کشورهای استعمارگر با ابزارهای هنری فرهنگی در بستر رسانه
روایتی متفاوت از پدیده ها ارائه می کند. در این میان روشن
اندیشان متعهد فراتر از قضایات ها و پیش فرض های رسانه ای
با تیز فکری و استفاده از هنر خویش تلاش برای می کنند که
فراتر از رنگ و نژاد میاد انسان های دردمند از ظلم و بی عدالتی
را به زبان کارتون به تمثیل بکشند.

بایستی حقایق را با منطق قوی، سخن متین و عقلانیت کامل، همراه با زینت عاطفه و عواطف انسانی و به کارگیری اخلاق منتشر کرد. امروز همه‌ی ما بایستی در این میدان حرکت بکنیم؛ هر کدام به نحوی و با سهی که در این راه داریم.»

The truth needs to be transmitted through exquisite logic, modest words and strict rationality. It should be broadcast in an emotional-based morality.
Today, all of us, no matter what role we play in the society, are supposed to follow this path.

In the name of God

Human beings are like parts of a body,
created from the same essence.
When one part is hurt and in pain,
the others cannot remain in peace and be quiet.
If the misery of others leaves you indifferent
and with no feelings of sorrow,
You cannot be called a human being

The definition of life is altruism, the choice of which helps to sympathize with human beings to heal their loneliness give them hope. Art is the tool that can be shown this choice and understanding. Human has been isolated in nowadays world because of these obvious political and social borders. The isolation results from the strong presence of the financial powers of the colonial countries and the consequent oppression. Colonial countries use cultural and artistic tools to present a different narrative of phenomena in the media. Meanwhile, the committed intellectuals try to give a voice to oppressed people from suffering and injustice beyond their

race and ethnicity by using their art and drawing cartoon beyond the judgment and presuppositions of the media.

Iran has chosen a motto, Independence, Freedom, and the Islamic Republic, after the 1979 revolution and decided not to accept this oppression and this was the beginning of a conflict in the economy, policy, and art. The policy of the Iranians in culture and religion is peace and freedom in the world and help the oppressed against cruelty.

The topic of the eleventh international cartoon festival of North Khorasan Art Organization was human beings. 500 artists from 65 countries participated in this festival and the number of works of art was 1907. The jury members were seven; four foreigners and 3 Iranians. 631 works of art accepted to be shown on an online exhibition and 23 from 8 were chosen as the winner.

In the end, we are grateful for the sincere support of all those who accompanied us in holding this festival.
